Copy of letter R.C.No.311/D.E.C.23, dated 31-7-1923 from the President, District Educational Council, South Kanara, Mangalore to the Secretary to Government, Law (Education) Deptt, Madras, through the Director of Public Instruction, Madras.

In submitting herewith a copy of the resolution unanimously passed by this Council in adopting the annual report on the state and progress of Elementary education in this District for 1922-1923, I have the honour to state that this Council thinks it absolutely necessary to organise an educational exhibition and hold vacation classes for teachers in order that the spirit of the syllabuses newly prepared by the Council and supplied to all the schools may be thoroughly understood by the teachers. The District Educational Office strongly supports this idea and promises every help in carrying out the scheme. Hence, I request that a special grant of Rs.800/- may kindly be sanctioned for the above purpose. As at present, arranged, the exhibition along with the classes will be held about the 1st week of December. But to make myself sure that money is available for the purpose, I specially request that early orders may be passed and the amount applied for above, kindly sanctioned.

2. In case my request for a special grant cannot be complied with for want of funds, the Council may atleast be permitted to utilise towards this purpose a sum not exceeding Rs.800/- out of the balance under last year's teaching grant (Rs.873/-). I may, in this connection, state that all the schools have received teaching grants for 1922-1923 and this balance is, as it were, an un-expected savings, as its payment to St. Agnes School, Bendore was at first sanctioned but subsequently with-held when it was known that the school was converted into a Secondary one about October last.

3. A copy of the concluding para of the report referred to in the resolution is herein enclosed.

SCHEME OF STUDIES FOR ELEMENTARY SCHOOLS

An attempt has been made to issue a consolidated scheme of studies for the use of all the elementary schools in this district. This scheme was drawn up by a committee consisting of some of the members of this Council, managers of schools, Departmental officers and some coopted members. The scheme has been made sufficiently elastic so as to suit the varied condition of the different classes of schools. In order to give continuous instruction to teachers so as to enable them to successfully work out the scheme it has been arranged with the authorities of the "Kannada Sahakari" - The local Co-operative monthly magazine, to issue a monthly supplliment for the benefit of teachers. Contributions from Departmental officers and others interested in education will find a place in this suppliment. The local Boards will be advised to supply copies of this magazine to their schools. In order that all these efforts of this Council may be thoroughly successful some sort of vacation classes for the guidance of teachers will be necessary. The holding of a District Conference of teachers, an --- educational exhibition, Magic Lantern lectures etc., are

contemplated by this Counciland can be held only if the Governmer

are pleased to place sufficient funds at our disposal.

Submitted to Government, Law (Education).

2. The savings referred to in the letter have already been taken into account in connection with the recommendation made for the distribution, to the District Educational Council, of funds to be placed at its disposal for the payment of teaching grants. The total amount to be placed at the District Educational Council's disposal including the unspent balance of the previous year is considerably less than that demanded by the District Educational Council.

3. Further, there is no budget provision in the current year for the proposed expenditure on an educational exhibition.

C.No. 4668 A - From the D.P.I. Letter No. R.O.C.1360 B/23 dated 11-10-23.

U.S.

In the circumstances stated by the Director the Council's request for a grant of Rs.800 for organising an educational exhibition and holding vacation classes for teachers need not be sanctioned. A draft order is submitted for approval.

The D.P.I does not apparently dis ve of the proposal on its merits, but only objects to the grant for want of provision. It is a pity that this the first attem at active action on the part of a D.E.C should be hampered. The D.E.C may well secure a contribution from each of the loc bodies for this purpose.

The G.O. Myson

2 as regards vacation classes if the American system the whole work has to be systematised, should take place these after the El Edn. Conf proceedings are disposed of.

20/10/23

But in this case of unspent grant is available The grant should be given - D.P.I says it has been utilised otherwise - this should be made clear - if funds are available it will be indicated & Govt to utilise it for grants class & may issue the order

SECRETARY TO GOVERNMENT MADRAS LAW DEPARTMENT 3 NOV 1923

In G.O. No. 1485 Edn., dt. 22.10.23 a sum of Rs 84,173 has been ordered to be placed at the disposal of the D.E.O., S. Kanara, for payment of teaching grants in the current year. There was also a balance of Rs 911 with the council out of the last year's allotment But as stated by the D.P.I., this balance had also been taken into account in determining the amount paid in the current year.

2. There is however a balance of Rs 1,393 in the

contributions to D.E.C.S for payment of building grants. The expn of Rs 800 involved in the present case may be met from that Source. A revised draft is Sub

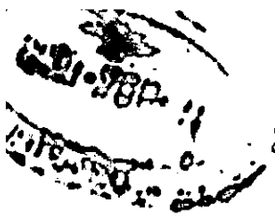
It is for orders whether the draft order may be accepted as a special case

This is a new scheme of
12.11.23 expenditure & is not in accordance with any accepted policy. If the grant is made in this particular case, ~~it~~ we cannot be refused, if other D.E.C.S should come forward with similar proposals. The scheme may accordingly be referred to the Finance Committee with an estimate of cost of applying it to all Districts.

Mad. ... The present case was only entertained as now isolated one & it is at present no intention of Govt: all D. E. C's for organizing advised architects + education lecturers. For orders whether this isolated item of e should go before the Finance Comm

15.11.'23

There is no purpose at present in preparing or in trying to prepare an Estimate for the whole presidency. In fact it will be impossible to do so. The extent to which it should be applied in case of if ever that Govt: Comm takes it in Earnest is all in the future. We have no idea when the Govt: will take up the introduction of this scheme in one or two places may serve as an experiment An entire Estimate will be useless only when this Experiment is found to be applied in general Organization of an Educational Exhibition not a mere thing & the other



Educational exhibitions have been held.
Elsewhere & have passed the stage of experiment

2. Vacation classes are a novelty; & speak for myself, till the general lines are laid down it is money thrown away in holding such classes
I wonder if there is any competent officer in the department to guide these classes.

3. If I may venture to predict, I connect that the best lines of progress in the future are i a large multiplication of elementary Schools without the length & breadth of the Presidency

ii This will reduce the Dy Inspector's Range into compact units; introduction of model lessons at least once a month by Dy Inspectors

iii Once the foundation is settled, exhibitions & vacation classes.

4 Any other scheme to force the pace will only lead to isolated attempts without permanent consequences.

5 In this file, mention is made of a scheme of stores; this scheme itself is under examination; & most probably those who are taught in Mayaveram this week will have to be taught the reverse some time later on.

I would therefore say that there
no funds
